Winter Workshop Woes!

Well the wet, windy and cold weather has certainly made its presence felt and had us rushing for our thermal overalls!

So it is time to run through the usual winter checklist:

- **Batteries** - While modern batteries last a lot longer than they used to, winter will show up any weaknesses. If your car is slow to start, pop in and we'll run a few quick tests. If you do need a new one, we are offering our regular customers a 10% discount on batteries if purchased before the end of July.
- **Tyres** – Check your tread, pressures and alignment to avoid having grip issues in the wet. Uneven wear is an indicator that the alignment is out – get this fixed before it gets expensive!
- **Brakes** – Does your car pull up nice and straight in an emergency stop, even in the rain? Don't wait for a real emergency to find out, give it a test yourself and while you're at it check the fluid levels (or pop in and we can do this for you).
- **Windscreen Wipers and Fluid** – Good visibility is essential, top up your Bars Bugs and if your windscreen wipers are not doing a superb job it could be time for some new blades.
- **Jack, Spare Wheel & Wheel Brace** – We never think about them until we need them, make sure they are where they should be and everyone that drives your car knows how to use them.

Somehow a breakdown or accident in the wet and cold is so much worse than on a nice sunny day! We hope these few tips will help keep you safe and free from incidents. Just drop in if there's anything you want us to take a look at.

News from Rhett & the Team

As most of you already know, Denis left in March and I have elected to base myself at the main desk. This has been a great way for me to ensure we are always delivering our best possible customer service and our **phone before we fix guarantee**.

I have also enjoyed seeing and speaking to many of our customers and thank you all for your valued custom.

On a more personal note, I would like to congratulate Julian and Kate on their recent engagement! We are very happy for you both and wish you well...

Stay safe and warm and we look forward to seeing you soon,

Rhett, Corne, Julian and Sharon
