'We guarantee to phone before we fix'

529 Manukau Rd, Epsom, Auckland 1023 | Tel: 630 6694 | www.epsomautomotive.co.nz | paul@epsomautomotive.co.nz

Issue 21: November 2017

Just over 3 weeks until Christmas!

Wohoo! It's unbelievable how fast this year has gone.

In January 2018, we will have owned the business for two years – just amazing. During that time, we have seen some significant changes and gained some useful insights. Thanks to all those of you who have given us valuable support and feedback. A special thank you if you've taken the time to leave us a review on the website.

A Reminder About Regular Servicing

As we all gear up for annual holidays, road trips & those special family outings, it doesn't hurt to remind ourselves how much we depend on our vehicles to get us from 'A' to 'B'. If you want to make sure your special plans are not interrupted by mechanical issues then make sure your car's service is up to date.

Every time we do a full service on a vehicle we always carry out a complete safety check and bring any issues to your attention that could be problematic before the next service is due. If you're not sure when to expect your next service, check the red sticker at the top of your windscreen. Compare the speedo reading on the sticker against your current mileage. If it is nearing the mileage or due date then book for a Full Service so we can make sure your brakes are still in good condition. We also check & rotate the tyres, check spark plugs & air filter, check the battery condition, replace bulbs, wiper blades & check coolant strength & brake fluid condition.

Your vehicle should be serviced once a year, even if your mileage is low, as your engine oil still absorbs contaminants that can harm internal engine components. This is especially true if you make lots of short trips where the engine does not reach operating temperature.

Important Things to Note Before you Head Away

- Make sure your Warrant of Fitness & Registration are current and won't expire while you are on holiday. No one wants to use hard earned holiday funds on nasty fines.
- Check your tyre pressures. If you don't know how, ask for help at your local filling station or call in to see us.
- You don't need an appointment to replace wiper blades, change most light bulbs, check coolant or check tyre pressure.
- If you are still concerned and would like us to carry out a general safety check, we'll do this free of charge (Just give us a call before you pop in to make sure we have a hoist available).

Don't miss out!! Book your WOF or Service now.
